CITATION AND NOTIFICATION OF PENALTY

We believe that you violated the Animal Welfare Act (7 U.S.C. § 2131 et seq.) (AWA), as described below.

Date of Violation: November 20, 2013

9 C.F.R. § 3.10 Watering. If potable water is not continually available to the dogs and cats, it must be offered to the dogs and cats as often as necessary to ensure their health and well-being, but not less than twice daily for at least 1 hour each time, unless restricted by the attending veterinarian. Water receptacles must be kept clean and sanitized.

You failed to provide water for a pregnant female Maltese as often as necessary to ensure its health and well-being. When given water, the dog continuously drank.

Date of Violation: November 20, 2013

9 C.F.R. § 3.11(a) Cleaning, sanitization, housekeeping, and pest control. Cleaning of primary enclosures. Excreta and food waste must be removed from primary enclosures daily, and from under primary enclosures as often as necessary to prevent an excessive accumulation of feces and food waste, to prevent soiling of the dogs or cats contained in the primary enclosures, and to reduce disease hazards, insects, pests and odors. When steam or water is used to clean the primary enclosure, whether by hosing, flushing, or other methods, dogs and cats must be removed, unless the enclosure is large enough to ensure the animals would not be harmed, wetted, or distressed in the process.

You failed to remove excreta as often as necessary to prevent excessive accumulations of feces, and to prevent soiling of a dog.

Date of Violation: February 26, 2014

9 C.F.R. § 3.10 Watering. If potable water is not continually available to the dogs and cats, it must be offered to the dogs and cats as often as necessary to ensure their health and well-being, but not less than twice daily for at least 1 hour each time, unless restricted by the attending veterinarian. Water receptacles must be kept clean and sanitized.

You failed to provide potable water to the dogs as often as necessary to

ensure their health and well-being, as evidenced by water bowls that contained frozen water in them, and by the fact that the dogs drank continuously when offered water.

Date of Violation: February 26, 2014

9 C.F.R. § 3.11(a) Cleaning, sanitization, housekeeping, and pest control. Cleaning of primary enclosures. Excreta and food waste must be removed from primary enclosures daily, and from under primary enclosures as often as necessary to prevent an excessive accumulation of feces and food waste, to prevent soiling of the dogs or cats contained in the primary enclosures, and to reduce disease hazards, insects, pests and odors. When steam or water is used to clean the primary enclosure, whether by hosing, flushing, or other methods, dogs and cats must be removed, unless the enclosure is large enough to ensure the animals would not be harmed, wetted, or distressed in the process.

You failed to remove excreta as often as necessary to prevent excessive accumulations of feces and to prevent the soiling of animals. Some of the dogs' feet were soiled with feces and/or urine.

Date of Violation: June 23, 2014

9 C.F.R. § 2.40(b)(2) Attending veterinarian and adequate veterinary care (dealers and exhibitors). Each dealer or exhibitor shall establish and maintain programs of adequate veterinary care that include the use of appropriate methods to prevent, control, diagnose, and treat diseases and injuries, and the availability of emergency, weekend, and holiday care.

You failed to provide adequate veterinary care for 1 male Maltese who had a dirty face, discharge coming from its eyes, and reddening of the gum line on the upper left and right sides. The dog also had small pockets of a white creamy substance above the cheek teeth. Several of its teeth were covered with a dark substance.

The penalty for the alleged violation(s) described above is \$4,107.
